

dimensions and installation guide

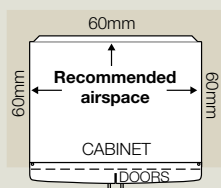

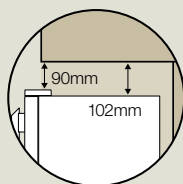

electrolux four-door refrigeration

models **EQE6007SB**

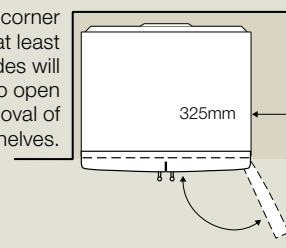

Recommended Airspaces

These are the recommended minimum clearances.

NOTE: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, spacing of at least 325mm on the sides will allow the doors to open enough to enable removal of the crisper bins and shelves.

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.
